# West Fargo High School Yearbook 1974 - 1975

If I could save time in a bottle the first thing that I'd like to do is to save every day 'til eternity passes away just to spend them with you.

If I could make days last forever
If words could make wishes come true
I'd save every day like a treasure and then
again, I would spend them with you.

You are my friend. . . I say these words in gentleness today, And stretch my hand in tenderness to you.

What is a friend?
Is he just one who shares a moment's laughter,
Or holds you to a certain rigid scheme?
Ah, no! My friend is one who takes each
note that falls
And makes of them a song to fit my dream.

What of my faults?
I shall not know whate'er they be,
For you'll not point them out for me to see.
But I shall walk a nobler, sweeter path
Because my friend has faith and trust in me.

-Bille Shoecraft

The Way We Were Prom '74

The special night had finally arrived. The young ladies looked glamorous; the gentleman squirmed and itched in tuxedos. "Are you having shrimp or chicken?" Toastmistress and Toastmaster poured out the jokes, to the dismay of an audience who didn't laugh. The dancing was beautiful - however, the faculty really outshines the rest. It looked like a thousand carbon copies of Fred Astaire and Ginger Rodgers. Postprom features a rock band, a rapid departure from the orchestra. The night had passed to morning, but no one noticed. After all, this was not any ordinary gala - it was prom.

Rock-n-Roll Is Here to Stay

52-FIF FILS DAY

It was a "blast from the past", a flashback to the years when we were born. The girls wore bobby socks and pleated swirling skirts, and cried over Ricky Nelson. The guys looked tough and greasy; they had it "made in the shade". The dance topped off a day of fun. Johnny Mercury and the Four Cylinders supplied the music - "Hound Dog" and "Barbara Ann. " Kids did the Lindy hop and jitterbug, and those who didn't know how to dance just moved to the a ... There was a dance contest, with the winning couple receiving a genuine hubcap.

Another year, what's to be said?

What have I done,
Where have I been?
What have I seen,
Who have I helped on the

way?

Nothing, nowhere, no one!
So is it any wonder I am
here alone?

For I have not given, I have not loved, The same I reap.

I live, I shall die
The same for you.
So while you live,
Be not a fool as I.

The 1974 J.V. edition of the "Pack" proved to have a most successful football season, ending the campaign 5-2-1. Victories over Jamestown and Wahpeton and a 22-22 tie with Shanley were the hilites of a great year for "Packer" J.V. football fans. The Packers outscored their opponents 115-51 and lost the two games by a total of 3 points. It should be a great year for the varsity come next fall.

# "A Hang Nail Is No Reason to Skip Practice, Bill!"

Cross Country is a sport which requires a great deal of self discipline and hard work. It serves as a great method of conditioning for other sports, and for me, was a lot of fun. The 1974 season was a very memorable one. We almost literally started from scratch, but through a lot of effort became a reasonably successful team by the end of the season. We wanted to prove to others and mostly ourselves that we could do it, and even though the work was easy, we achieved a certain amount of success throughout the year. Long distance running is sometimes tedious and dull, but our team was very closely knit, and we enjoyed working together in becoming a better team. All in all, the season was fun and rewarding and I thank Coach Dhanke for all he didwithout his efforts it wouldn't have been possible for us to achieve what we did.

President Scott Hedin is involved in many activities like spending the funds. Beth stayed in the club till we ran out of money, then she quit. Linda Wieand was taken out of her job as Treasurer. It seems we were running out of money a little too fast. No, not really. But everyone in the club hates baking but loves money. This year we went to Grand Forks for a German Convention and in August some of the members are going to Tennessee for the National German Convention. Barb likes the club but is involved in cheerleading and doesn't have much time but she always remembers her cookies. Rhonda won a trip to Tennessee. We all hate her. Not really. We had a lot of fun this year.

The objectives of Industrial Arts Club are to raise money for the club, and to complete one or more projects during the year. This year we raised money by selling candy bars, peanuts and boxes of candy. Projects included glass cutting, refinishing desks, and building your own design from wood.

This year was a pretty good one, as far as the Packer was concerned. I think we put out some good issues. I was especially pleased with the editorial page. The newspaper staff worked hard to put out a good paper, and they did. The only thing that was lacking, as in years past, was reader contributions. There were only a few instances when anyone wrote a letter to the editors. We will publish almost anything, within reason, as long as it is signed. It is dissappointing to hear so many criticisms and strong opinions from people who lack the gumption to put their views in print. The power of print is mighty, indeed. One can get more across to more people by having something printed than in any other way. A letter to the editors is a good way to get something in the paper, but by no means is it the only way. The Packer staff would gladly welcome any other contribution you might have. A short article on some activity, a coming event, or some other story would be appreciated not only by the staff, but by the readers. It gets a little tiring to read stories written by the same people in every issue. A change of style would be welcomed by everyone. If you want to have a good paper, it is going to take more than just a small group of people can contribute. It is easy to crit-

icize the paper for being stale and lacking appeal. You know how you can change that, though. So do I.

I suppose that I am one of the lucky few who have had the experience of realizing a "dream of a lifetime." Going to Germany last summer as an A.F.S. student was certainly such an experience.

One usually thinks of such a trip solely as a vacation, but mine was not-rather, it was a genuine learning experience.

My memories began with an eight-month waiting period from the time I applied until I learned that I could go. Afterwards, of course, there was joy; quick preparations to leave; and then fear concerning what I had gotten myself into. After I left home, the time started to fly. First I was in awe of New ork; and then when I got to Germany, it took me a couple of weeks just to get used to the fact that I was really there.

I finally settled into my family life, where I spoke only German for two entire months. I met many wonderful people and had equally wonderful times. The hardest and saddest time was when I had to leave. It was then that I fully understood and felt a part of the German way of life. The time had pass passed much too quickly.

All of my experiences added up to a summer which was better than any vacation, an experience in which the many benefits and the knowledge gained are immeasurable-and also one filled with lasting memories.

Reminiscing

Where has the time gone? 29 years in West Fargo High. How different in 1946 when I started as a teacher and principal. The complete high school faculty was made up of 8 teachers including the Supt. and Principal. This is quite a difference from the 43 we now have. When I started in West Fargo we had plenty of classrooms - even a couple extra. Those were the days! Time marches on. One of my pleasant times was the year I was honored by having the Yearling dedicated to me (1955). At that time we had 12 teachers and in 1958 a secretary was hired. In 1959 I gave up being a principal - 12 years at that job. Oh my! School kept growing and more teachers were hired. Years went by-then came new ideas in teaching, Modular scheduling, contracts, commons, resource centers (without taking roll) workin for a broader education in many different ways. Thinking about it I wonder - were all these changes good? I do hope they are. I am coming to the end of my wonderful teaching career. I have enjoyed it and I hope with my help that these many students could profit a little with the help that I have given them through the years.

To learn and never be filled, is wisdom; To teach and never be weary, is love. 112-MR. TED HILLIUS
